EXECUTED FEED A FAMILY PROJECT REPORT

For 24th of DECEMBER, 2017

The 2017 Christmas celebration will continue to linger in the heart of many underprivileged families across different states in Nigeria as the Dayo Olomu Foundation, UK in partnership with The Emmanuel Damilola Osoteku Foundation (TEDOF) set out on the 24th of December to Feed Families across four States in Nigeria, thereby giving many poor families reasons to smile and not lacking food to eat on Christmas Day.

The Feed A family Project (FAF Christmas Edition) for many of this year's beneficiaries will serve as an unforgettable experience across these various states in Nigeria as Dr. Dayo Olomu through his notable foundation, the Dayo Olomu Foundation, UK single handily sponsored the project in partnership with The Emmanuel Damilola Osoteku Foundation (TEDOF) Lagos, Nigeria to provide food items for **47 Families** in local areas where the standard of living are very poor hereby making it very hard for these families to survive. His notable contributions have helped in giving hope to the hopeless and help to the helpless.

This year through the financial sponsorship from Dayo Olomu Foundation, four major states in Nigeria namely; **Ondo State** (*Ose Local Government; Ikaro and Ifon*), **Lagos** (*Ajegunle Ajeromi Ifelodun Local Government*), **Cross River** (*Ikom Local Government*) and **River State** (*Obia Akpor Local Government*) respectively benefited from the benevolent act of kindness from our globally renowned Dr. Dayo Olomu through his Foundation.

Hence, DAYO OLOMU FOUNDATION which was launched on 2nd April 2016 at the Soni Irabor Youth Empowerment Forum, Oriental Hotel, Lagos seeks to; “*Raise transformational leaders mentor professionals, empower youths economically and **support the less privileged in the society, especially women and children***”. This his foundation has achieved with over 2000 beneficiaries around the world.

Meanwhile, on the other hand, The Emmanuel Damilola Osoteku Foundation (TEDOF) is a God given initiative birthed on July 15th, 2017 with the vision of Feeding Families across Africa through her life transforming program, **FEED A FAMILY PROJECT** which is geared towards putting smiles on people's faces just as motive behind the Dayo Olomu Foundation but this time, with our goal of **"Feeding Africa, One Family at a Time"**.

However, below is a simple tabular summary report of the four states that benefited from this initiative on December 24th, their locations, Local Government Areas, Number of Volunteers and total number of Beneficiaries from the 2017 Christmas Edition of the Feed A Family Project executed by the Emmanuel Damilola Osoteku Foundation (TEDOF) Lagos and sponsored by Dayo Olomu Foundation, UK.
